Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

The proposed fees really do seem unfair. As a cell phone user with extremely low volume I would be expected to share the same cost as a user that spends hours and hours a month on the cell network.

The proposed \$1 increase would represent about a 13% increase for the cell phones my wife and I use primarily for emergencies.

Please don't make this service more expensive.

Thank you

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Joseph R. McMenamin
